Route du Crémant de Bourgogne

The Côte du Châtillonnais reveals its many faces along a signposted 120km route. Welcoming winemakers will be delighted to introduce you to the original delicacy of the great *Crémant de Bourgogne*. It is a compact area full of charm, with the tranquil valleys of the rivers Seine, Laigne and Ource. The villages and abbeys bear testimony to thousands of years of history, that of men and

women attached to the land, leading lives dictated by the rhythm of work in the vines.
