

WINE TOURISM

*Awaken your senses and unlock the secrets
of a great wine inspired by its terroir*

GROUP FORMULAS

Halfway between Paris and Beaune, Chablis opens the golden gate to the vineyards of Burgundy

PRESTIGIOUS VINEYARDS _

The Chablis vineyards are among the oldest in France. Over time and all over the world, its white wines, made from Chardonnay grapes, have acquired an extraordinary reputation. Situated on both sides of the river "Serein", the vines of the appellation are spread over 17 communes. The uniqueness of the wines is due to the soil, essentially of the "Kimmeridgian" type, where sediments, composed notably of large quantities of small fossilised oysters "ostrea virgula", have been deposited.

This exceptional soil, found only in very few places in the world, gives the terroir its minerality, finesse and incomparable crystalline tone.

**La Chablisienne, voted
best wine producer in
France en 2016 and 2018
at the International
Wine & Spirit competition**

GOLD MEDAL WINNER
for wine tourism
in the category "Family
Friendly" organised by
Terre de Vins et Atout France

**Vincent Bartement,
oenologist at La Chablisienne
was awarded the title of
White Winemaker in 2014
and 2016 at the International
Wine Challenge**

LA CHABLISIENNE, SINCE 1923 —

La Chablisienne alone represents almost 25% of the vineyard and can offer all Chablis appellations (Petit Chablis, Chablis, Chablis 1er Cru, Chablis Grand Cru).

The Chablis cooperative winery, La Chablisienne, created in 1923, brings together nearly 300 wine growers to make the great white wines of Chablis.

These reflect the extreme care brought by its winegrowers to the cultivation of their vineyards combined with the passion of their winemakers. It is the subtle relationship between winegrowers and winemakers that gives its wines this much sought after distinction.

Each year, it produces approximately thirty different wines, each with a strong personality of its own, across the appellation: seven Grands Crus, thirteen Premiers Crus, Chablis and Petit Chablis.

Among its Grands Crus is the Château Grenouilles, the most prestigious of all, from the unique Château of the hill of Grands Crus.

THE ART OF A WARM WELCOME —

Our passion naturally makes us want to open our cellar and its beguiling treasures to as many people as possible. Our wine tour packages will give you a golden opportunity to discover the timeless expression of our terroir.

The Caveau de Chablis team promises moments of conviviality along with discussions about wine, from the vineyard to the glass.

Le Caveau CHABLIS

the discovery FORMULA

the 1990s. The 1990s have been characterized by a number of important changes in the way that the world is organized. The end of the Cold War, the emergence of a new global order, and the increasing globalization of the world economy have all contributed to a new era of international relations. The 1990s have also been a time of significant technological advancement, particularly in the fields of information technology and telecommunications. These changes have had a profound impact on the way that we live and work, and they continue to shape the world in the 21st century.

The 1990s have also been a time of significant social and cultural change. The end of the Cold War has led to a new era of international relations, characterized by a focus on human rights and democracy. The 1990s have also seen a number of major conflicts, including the wars in the Balkans and in Africa. These conflicts have had a profound impact on the world, and they continue to shape the world in the 21st century.

The 1990s have also been a time of significant technological advancement. The development of the Internet and other information technologies has revolutionized the way that we communicate and work. The 1990s have also seen a number of major breakthroughs in science and technology, including the discovery of the human genome and the development of new materials and technologies. These advances have had a profound impact on the world, and they continue to shape the world in the 21st century.
