22 exceptional boxed sets containing 6 Hospices *grands vins*
and an invitation to enjoy a half-day private tour of the Albert Bichot cellars
presented a few weeks before the 162d Hospices de Beaune auction (20th of November)

Less than two months before the Hospices de Beaune auction, where a generous 2022 vintage will be sold in Beaune, Albert Bichot is premiering a unique collection of 6 Hospices de Beaune *grands vins* in a luxurious wooden box. With the purchase of the boxed set, the buyer receives an exclusive invitation to the Albert Bichot cellars for a half-day tour and a private tasting in the very cellar where these *fine wines for a fine cause* are aged with the greatest of care and respect.

Reflecting the rarity of the Hospices wines, **only 22 Hommage aux Hospices by Albert Bichot boxed sets have been created.** This number is a nod to the very promising 2022 vintage, a vintage that is as generous as this unique offer that combines exceptional wines with a private tour.

According to Albéric Bichot, "we created this exclusive boxed set to offer fine wine lovers a new experience. It features six exceptional wines skilfully aged in our cellars. **It is an invitation to enjoy the wines with a chance to learn more about the exceptional relationship that we enjoy with the Domaine des Hospices**, an icon of our Burgundy region, as the auction's top buyer for more than 25 years."
